

ARE YOU ACHING TO MAKE A DIFFERENCE?

If Yes, or even maybe, we invite you to accept this invitation to hear, see, and experience our vision for a more peaceful world. Find out how you will change the lives of those you touch in everyday life and in turn, be changed yourself.

Walk with Wayne

presents the

WITNESS FOR PEACE Workshop

"There is a massive need in our world that is unrecognized and unmet. We humans have a basic need to be seen and heard just as we are, and in the process, to know we are O.K. However, the reality for most of us is that we don't feel listened to, understood, nor met. My proposition is that we first must raise the consciousness of our unmet needs and then develop the exquisite capability of being with another in silence. I like to call it the art of silent witnessing. I believe that every act of silent witnessing will advance the cause of Peace, both within and without." — WB Peacock

Be courageous, say YES to that inner voice that's aching to make a difference! Jump at this rare opportunity to BE there at the birth of an idea that will change the world. You won't be disappointed. You will walk away with:

- an understanding of what people hunger for most.
- the learning and practice of instantly usable listening skills.
- the greatest service you can provide anyone.
- a feeling of peaceful aliveness.
